

## Requirements Of Controlling People

- Control breeds exhaustion, exhaustion depletes the body of nutrients~ you grow old faster
- Control is bondage is sheep's clothing
- The illusion of control brings requirement, requirement creates obligation, and obligation creates pressure
- High control people become exhausted by their own efforts to keep their own laws
- People who feel obligated to keep the laws of controlling people find themselves in slavery to a human ~ instead of serving those who are enslaved
- Controlling people are enslaved by their own rules
- Those who hang onto the illusion of control, lose the enjoyment of freedom ~ no freedom = no life
- High control people claim "promises" of God that He never made, for they even "make" Him obey those made up promises
- Many high control people are enslaved by the laws of sequence i.e. 1,2,3,4,5,6,7 etc... They MUST put sequential value in place in order to be free
- High control people use the illusion of control to create a false sense of self-worship~ when they should be focused on worshipping God
- High control people steal joy, peace, and freedom from those who live by it
